

# Lean Transformation: Phase 1 (9 – 18 months)

Perform an Assessment / Train Executive Team

Train a group of lean champions with customized training to suit your business model.

Select and improve key pilot areas through kaizen activities

Perform Value Stream Mapping on key product lines

Perform team kaizen activities and projects to execute VSM plans.

Identify vision, goals, metrics, key tools, and principles. Identify resources and develop detailed plan.

Build some internal knowledge base of individuals who will lead the change and become internal teachers.

Impact highly visible areas within the company, and build momentum utilizing lean champions and our experts.

Identify needed kaizen activities through VSM and a 6 – 12 month detailed improvement plan.

Create lean value streams.

Train Operations front-line employees and supervisors with a “Lean 101” course

Begin to drive change where the work happens.
